

Your Stay & Flights

In the heart of the French Quarter

Flights

The main group will fly on British Airways from Heathrow. However flights from many regional airports can be arranged, subject to availability. These may incur a supplement. Please call us to discuss your requirements. The London Heathrow group flights will be met with a group transfer.

Accommodation

You will be staying at The Four Points by Sheraton French Quarter in the heart of the French Quarter, on the corner of Bourbon and Toulouse. All the rooms have en suite facilities and also offer a coffee maker, TV, hair dryer, iron and ironing board and safe. Breakfast with a range of hot and cold dishes is included daily. The hotel also has an intimate bar and secluded courtyard with swimming pool, where the Pool Party is held.

As always, we have requested quiet rooms away from Bourbon Street and will be operating a 'run of the house' room allocation system. If you wish to have a Bourbon Street balcony room, please ask. These incur a supplement but, be advised, these rooms can be noisy.

**We have negotiated three slightly smaller double rooms for sole occupancy only, these are at a lower rate than would usually be charged for the sole occupancy of a standard double room, saving £31 a night. The prices shown reflect this saving. A supplement applies for sole occupancy of a standard double room.*

General Information

All you need to know and more

Passports & Visas

A full 10 year valid EU Passport is required, and must be valid until after your return date. It is now mandatory to have an e-passport when entering the USA under the Visa Waiver Program.

It is compulsory that citizens or nationals from all Visa Waiver Program countries (which includes the UK) obtain an approved travel authorisation called the Electronic System for Travel Authorisation (known as an 'ESTA') in order to be eligible to travel to the U.S. The ESTA allows you only to board the aircraft – entry into the U.S is still subject to clearance at U.S. Customs & Border control at your first arrival airport.

ESTA is a web-based system. In order to apply go to www.cbp.gov/travel/international-visitors/esta then follow the instructions and answer all the mandatory questions to submit an application. There will be a charge of (currently) \$14 for this service. Please ensure you only use this website as there are other sites around making higher charges. Before you begin your application please have to hand your valid passport and a credit card. When you have completed your application and received your authorisation approval, please make a note of your reference number and the expiry date.

Generally an ESTA is valid for 2 years from application or until your passport expires, whichever is the former.

Please Note: A passport indicating that the bearer is a British Subject, British Dependent Territories Citizen, British Overseas Citizen, British National (Overseas) Citizen, or British Protected Person does not qualify for travel without a visa. A passport which states that the holder has Right of Abode or indefinite leave to remain in the United Kingdom also, does not qualify for visa free travel.

Travel Insurance

Travel insurance is strongly recommended. It is your sole responsibility for arranging sufficient levels of comprehensive travel and medical insurance which should cover, inter alia, cancellation and curtailment, emergency evacuation expenses, medical expenses, repatriation expenses and damage/theft/loss of personal baggage, money & personal goods. The insurance should cover all members of your party.
